Rosenwald's Daily Store News

THE ALBUQUERQUE HOME
OF BUTTERICK PATTERNS

Near a Whole Cityful "Appareling" at Rosenwald's

And we've opened fresh packets of delightful new merchandise for tomorrow, Suits, Coats and Dresses, in Infinite variety

The procession is unending. It is something like Tennyson's brook. In comes new apparel and out it goes—new every day. Tomorrow you will find Suits, Coats and Dresses not shown before. They were not shown for the good and obvious reason that they did not arrive until last Monday.

Ours is the modern way of selling apparel. We achieve that rare and precious thing—**exclusivity**—by not buying a great deal of anything, but in butterfly fashion, by sipping from every flower of style its very honey.

While there are recognized leaders in the production of styles, there is no autocrat, no czar of all the realm. As greatness is frequently born in a log cabin, so is a fashion destined to capture the world of the mode likely to appear in an unpretentious shop on a neglected-by-street. In patient search and careful study we pick from everywhere, guided always by the schooling we have had in your tastes, your preferences. And we keep these beautiful things coming every day. That is why the apparel room is so inviting, refreshing and interesting. **That is why women are buying here as never before!** That is why the Rosenwald fashions are distinctive, original and expressive, as opposed to the oppressive sameness, the mechanical repetition so often encountered and so exasperating to the woman wanting individuality and personality in her clothes.

Some of the very moderate prices range from \$9.95 up to \$35.00—of course, we have some cheaper and some much higher in price. It will be well for you to come and view these new things.

BOY PROOF SUITS

Are the kind you'll find in our Juvenile
Department.

Every thought in the manufacture of
these suits is diverted toward lasting
qualities—the material, the workman-
ship, the findings; everything is in
these suits to make them wear re-
sisting.

The prices are as modest as the suits are good. Ages
2½ to 16 years. Be sure and bring the boy.

RUGS THAT WILL WEAR A LIFE TIME

That are beautiful to look
upon, soft to tread upon—
in a profusion of beautiful
Oriental and Chinese and
other conventional designs
and rich soft colorings.
The prices, of course, are
right. Your inspection is
most cordially invited.

Mr. Man!

Did you last pair of shoes give you real
comfort?

Were they large enough and small enough
—in other words, did they fit as shoes
really should fit?

If you've had foot troubles in the past, why
not give our shoe specialists an opportu-
nity of pleasing you?

ABSOLUTE SATISFACTION

Fownes' Gloves Are the Best

AND WHY? Because they
are made from the best
imported French kids, and
the workmanship is so very
perfect.

The seams are all so very
carefully welded that they
form that perfect smooth
ness that will not irritate
the hand of the wearer.

Then, too, they are made
by a manufacturer who is
one of the oldest in the
glove business of today.

His reputation is built upon
the quality and the style—
the wearing possibilities of
a glove and the perfect
satisfaction a woman may
derive when she calls for
gloves and finds that the
same FOWNES is upon
the scene.

When We Dissect Your Watch

WHEN we get all the tiny
little wheels and pinions
and things separated—then
clean them all up as bright
as new, then put them all
together again—that watch
of yours is going to run
as good as ever.

It can't help it! It is prac-
tically a new watch once
more.

Of course, it will need our
attention again in about a
year, and it is always bet-
ter to be too soon than too
late.

Maybe you know all this
before, but somehow, peo-
ple have a habit of attend-
ing to everything else in
the world but their watches.

If you think a cleaning
would do your watch good,
don't wait until it stops.
Bring it to our repair de-
partment.

MUNISING UNION SUITS

The Markets

New York Stock Exchange.

New York, Oct. 5.—Secondary trade
in Kansas City Southern, seaboard
of Toledo, St. Louis and Western
Railroad followed the lead of the
high grade issues at gains of 1½ to 2
points. Trading passed an erratic
course during the day and ended
in a further advance of a point. Mexi-
can was substantially unchanged.

Central Leather made a new maxi-
mum at 98. Leather extended its ad-
vance over four points and American
leather led its class at a gain of over
one point. Bonds were firm.

Chicago Board of Trade.

Chicago, Oct. 5.—Wheat prices ran
today to a new high level for 1916.
The advance promptly followed an-
nouncements that the drought in Ar-
gentina remained unbroken. In this
connection, bullish traders put great
emphasis on the smallness of the En-
glish surplus and on the increase
of European demand. Assertions
of the crop losses in Argentina were
exaggerated, apparently failed
to make much impression. The open-
ing, which ranged from the same as
yesterday's finish to a higher, with
member at \$1.59½ to \$1.60½ and
at \$1.58½ to \$1.59½, was fol-
lowed by only a moderate reaction
on the initial top prices.

Additional gains were secured in
consequence of exporters having here-
tofore the market was given a
kick backward by profit taking. The
close was unsettled, 1½ to 1 net
higher, with December at \$1.60½ and
at \$1.59½.

Active export inquiry strengthened
in a fair degree, however, resulted
in a decided enlargement of offerings.

After opening for the higher, the
market tended to ease.

In subsequent dealings, corn took
an upward swing despite weakness of
wheat. Prices closed strong at 1½ to
in 2½ net advance.

Sale hardened with other cereals.
Trade, though, was well divided.

Shells and polders buying carried
positions upward. The chief incen-
tive to participate was an uptick in
the value of hogs.
